CHM

DONATED BY  
• THE LARRY ZIM •

WORLD'S • FAIR • COLLECTION

THIS BOOK is for the benefit, amusement and instruction of children. They will readily learn their letters, as they look over the pictures of

# The Voyage of Columbus.

They will also see some of

## The Beautiful Buildings of the Columbian Exposition at Chicago.

Those of a larger growth will find in this little book testimonials from very eminent persons of remarkable cures made by

# Allcock's Porous Plasters

—AND—

## BRANDRETH'S PILLS,

Two Household Remedies which should be in every dwelling.

**ALLCOCK'S POROUS PLASTERS** are an external remedy which cure by being applied to the skin. They are made of vegetable gums incorporated in india rubber.

They strengthen weak and diseased muscles. Placed on the right side, *they give tone to the liver, and relieve all congestion.* Placed on the spine they cure *nervous weakness*, and wonderfully relieve all *female pains, and complaints.* For *Whooping Cough*, and *Coughs* of all kinds, they will be found invaluable when placed on the throat, or chest. They should be used in all cases of *rheumatic pains.*

Consumptives use them with marvelous results.

They are a boon to all classes. Men dependent upon their daily labor find that the soreness of the limbs, which ordinarily would compel them to stay at home, disappear under the magic touch of these plasters, which, while they cure, do not interfere in the slightest degree with the freest motion.

ALLCOCK'S CORN & BUNION SHIELDS.

Public speakers find hoarseness, bronchitis, and coughs, yield to their use. Rheumatism, resulting from cold, is relieved at once. Athletes find them invaluable in their exercises.

These plasters have now been used by the public since 1845. Over one hundred millions of persons have worn them with perfect satisfaction. Note particularly the case of Mrs. Henry Ward Beecher.

---

**BRANDRETH'S PILLS**, since 1751, have been well-known in England. In *this country* they have been a household word for nearly *sixty years*—and during that time at least seventy million boxes have been consumed. Time and experience have proved them the safest and best purgative remedy ever made. Being *purely vegetable* in their composition, with no mineral poison about them, they are adapted as well to children and old people, as to those in the vigor of manhood and womanhood. They purify the blood and are invaluable in *Liver Complaints, Dyspepsia* and *Costiveness*. Indeed, there are few diseases not caused by organic troubles, that BRANDRETH'S PILLS will not cure.

The story would fill volumes of the remarkable cures made by *Brandreth's Pills* of *Constipation* and *Dyspepsia*. These cures have been effected by taking one pill every night for a month at a time.

The effect of *Brandreth's Pills* is immediately apparent in the brightness of the eye, and the healthy, ruddy, clear complexion. Taken in doses of three or five, every night for a week, will generally cure *Skin Diseases, Pimples* and unsightly *Eruptions*. They cannot be too highly recommended as an *anti-bilious remedy, for dizziness, &c.*

They will greatly mitigate *Sea-Sickness*, if a dose or two is taken before going on a voyage.

For *Nervous* or *Bilious Headaches*, one, two, or three pills, will afford relief at any time, according to the severity of the attack.

This little book contains only a few of the many testimonials received as to the merits of

## Allcock's Porous Plasters

AND

## Brandreth's Pills.

The persons writing these certificates are of the highest character. Their testimony cannot be doubted.

## Public Testimony of a Public Man.

The late Hon. JAMES W. HUSTED, so long Speaker of the Assembly of the State of New York, was noted for vigorous common sense. In January of 1890, he wrote from the Assembly Chamber:—

“I desire once more to bear my testimony to the value of ALLCOCK'S POROUS PLASTERS. I have used them for twenty-five years past, and can conscientiously commend them as the best external remedy that I have known. Years ago, when thrown from a carriage and seriously injured, I gave them a thorough trial. In a very short time, the pain that I was suffering disappeared, and within a week I was entirely relieved. On another occasion, when suffering from a severe cough, which threatened pulmonary difficulties, which I was recommended to go to Florida to relieve, I determined to test the plasters again. I applied them to my chest and between the shoulder-blades, and in less than a fortnight was entirely cured. On still another occasion, when suffering from an attack of rheumatism in the shoulder, to such an extent that I could scarcely raise my arm, I again resorted to the plasters, and within a very few days the rheumatism entirely disappeared. I have them constantly by me, whether at home or abroad. My family, as well as myself, have found ALLCOCK'S POROUS PLASTERS to be a sovereign remedy, both for external and internal troubles. I never had but one kidney difficulty in my life, and the application of the plasters cured me in a week. I desire, as I said before, to bear my testimony in a public way to their efficacy, and I know no better way of doing it, than giving you my personal experience.”

---

### Mrs. HENRY WARD BEECHER

has retained her vigor of mind, as well as strength of body, in her old age. She writes:

40 Orange Street, BROOKLYN, February 11th, 1890.

“I have used ALLCOCK'S POROUS PLASTERS for some years for myself and family, and, as far as able, for the many sufferers who come to us for assistance, and have found them a genuine relief for most of the aches and pains which flesh is heir to. I have used ALLCOCK'S POROUS PLASTERS for all kinds of lameness and acute pain, and by frequent experiments, find that they can control many cases not noticed in your circulars.

“The above is the only testimonial I have ever given in favor of any Plaster, and if my name has been used to recommend any other it is without my authority or sanction.”

Mrs. HENRY WARD BEECHER.

---

Hypocrisy is the homage which vice pays to virtue. So the almost innumerable imitations of ALLCOCK'S POROUS PLASTERS are a witness to their genuineness.

In proof of their genuineness the eminent HENRY A. MOTT, Jr., Ph. D., F. C. S., late Government Chemist, certifies:

“My investigation of ALLCOCK'S POROUS PLASTER shows it to contain valuable and essential ingredients not found in any other plaster, and I find it superior to and more efficient than any other plaster.”

## A Common-Sense Housekeeper.

No one is better qualified to speak in regard to what is useful in family life than MARION HARLAND. In her popular and valuable book, "*Eve's Daughters; or Common Sense for Maid, Wife and Mother,*" on pages 103 and 445, she says:

"For the aching back—should it be slow in recovering its normal strength—an ALLCOCK'S POROUS PLASTER is an excellent comforter, combining the sensation of the sustained pressure of a strong warm hand with certain tonic qualities developed in the wearing. It should be kept over the seat of uneasiness for several days—in obstinate cases, for perhaps a fortnight.

"For pain in the back wear an ALLCOCK'S POROUS PLASTER constantly, renewing as it wears off. This is an invaluable support when the weight on the small of the back becomes heavy and the aching incessant."

---

Experience teaches not only weakness, but strength, and the value of good remedies, such as ALLCOCK'S POROUS PLASTERS.

This is what C. D. FREDERICKS, the well-known Photographer of New York, says:

"I have been using ALLCOCK'S POROUS PLASTERS for Twenty Years, and found them one of the best of *Family Medicines*. Briefly summing up my experience I say that when placed on the small of the back, ALLCOCK'S POROUS PLASTERS fill the body with nervous energy and thus cure fatigue, brain exhaustion, debility and kidney difficulties.

"For women and children I have found them invaluable. They never irritate the skin or cause the slightest pain, but cure sore throat, coughs, colds, pains in side, back, or chest, indigestion and bowel complaints."

---

None are so quick to see the advantages of a remedy as those who may be called on at any time to avail themselves of it. In witness of this JAMES ROBINSON, the noted athletic trainer, writes:

"I have found it imperative to have sure and simple remedies on hand in case of cuts, bruises, strains, sprains, colds, rheumatism, etc. Shortly after entering upon my profession in this country, I discovered such a remedy in ALLCOCK'S POROUS PLASTERS. I tried other plasters, but found them harsh and irritating.

ALLCOCK'S POROUS PLASTERS give almost instantaneous relief, and their strengthening power is remarkable. I have cured scores of students and friends, of sore throats, and colds, by the application of these plasters on the throat and chest. I had a pupil who contracted a severe cold which settled on his kidneys. I placed two plasters over the kidneys, and the result was that in six hours he was entirely well. In cases of weak back put two plasters on the small of the back, and in a short time you will be capable of quite severe exercise. In "sprint" and "distance" racing and jumping, the muscles or tendons in the legs

and feet sometimes weaken. This can invariably be relieved by cutting the plaster in narrow strips, so as to give free motion, and applying on muscles affected.

"I have used ALLCOCK'S POROUS PLASTERS successfully in walking matches, when the legs became tired and swollen with over-exertion, by covering the important muscles with them.

"It is my unreserved opinion—an opinion formed after considerable experience—that ALLCOCK'S POROUS PLASTERS are a most efficacious and valuable remedy."

JAMES ROBINSON.

---

## RUSSELL SAGE.

No one knows better than this well-known financier the full value of a curative. He is not easily to be imposed upon once, and never twice. This is his testimony after twenty years' use of ALLCOCK'S POROUS PLASTERS:

506 Fifth Avenue, NEW YORK, Dec. 20th, 1890.

"For the last *twenty years* I have been using ALLCOCK'S POROUS PLASTERS. They have repeatedly cured me of rheumatic pains and pains in my side and back. Whenever I have a cold, one on my chest, and one on my back, speedily relieve me.

"My family are never without them."

RUSSELL SAGE.

---

## "JUDGE."

This comic paper has some inimitable cartoons, but not one of them is more forcible than this testimony of its proprietor, W. J. ARKELL, to the value of ALLCOCK'S POROUS PLASTERS. He writes:

Judge Building, 5th Ave. & 16th St., NEW YORK, Jan. 14th, 1891.

"About three weeks since, while suffering from a severe cold which had settled on my chest, I applied an ALLCOCK'S POROUS PLASTER, and in a short time obtained relief.

"In my opinion, these Plasters should be in every household, for use in case of coughs, colds, sprains, bruises, or pains of any kind. I know that in my case the results have been entirely satisfactory and beneficial."

W. J. ARKELL.

---

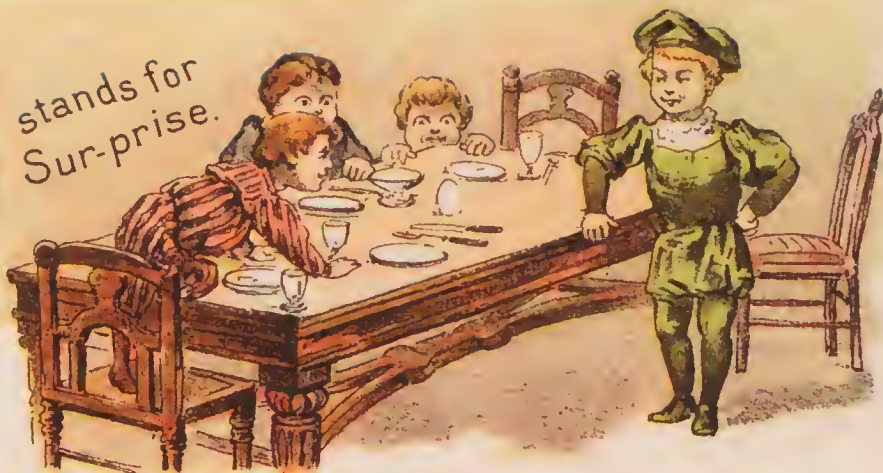

There is no place where ALLCOCK'S POROUS PLASTERS do not prove their value. GEORGE AUGUSTUS SALA, the well-known English writer, writing of his trip across the Pacific, says:

"I especially have a pleasant remembrance of the ship's doctor, a very experienced maritime medico indeed, who tended me most kindly during a horrible spell of bronchitis and spasmodic asthma, provoked by the sea-fog which had swooped down on us just after we left San Francisco. But the doctor's prescriptions and the increasing warmth of the temperature as we neared the tropics, and, in particular, a couple of ALLCOCK'S POROUS PLASTERS clapped on—one on the chest and another between the shoulder-blades—soon set me right."

**BRANDRETH'S PILLS**

still hold the foremost place. The longer they are used the stronger is their position.

Growth is essential to life. But there can be no growth when the avenues of growth are clogged. The growth of the human frame depends upon the assimilating power of the blood. If the blood becomes impure, that power is lost and growth stops. The first essential to the continuance of growth is to remove the impurities which, from one cause or another, gather in the blood; the second, to help it recover its tone, that it may be able properly to utilize the elements in the food.

Here is the secret of the wonderful success of BRANDRETH'S PILLS. They first purify, then strengthen the blood, and thus facilitate the growth of a new man.

They

## CURE THE INCURABLE.

That seems impossible. Yet that is just what BRANDRETH'S PILLS do. HENRY J. GLEASON, writes:

WEST DAMASCUS, WAYNE CO., PA., Dec. 23d, 1892.

"I have used BRANDRETH'S PILLS for over fifty years, and give away lots of them. My mother was cured by using BRANDRETH'S PILLS after being given up as incurable by all doctors who saw her. At that time she was thirty-four or thirty-five, and lived to eighty-three years. I have carried your Pills constantly since that time, on the ocean for five years, across this continent, and in shops where I have worked."

HENRY J. GLEASON.

---

J. N. HARRIS, 3 Fulton Market, New York City, says:

"I have been using BRANDRETH'S PILLS for the last fifteen years. There is nothing equal to them as blood-purifiers and liver-regulators. I wish to state how remarkably they cure rheumatism, and how easily. I was affected by rheumatism in the legs. My business (wholesale fish dealer) naturally leads me into damp places. I could not walk, and at night suffered fearfully. I tried balsams, sarsaparillas and all kinds of tinctures, but they did me no good and I was afraid of becoming a cripple. I finally commenced using BRANDRETH'S PILLS. I took *two* every night for *ten nights*, then I began to improve. I continued taking them for forty days and got entirely well. Now, whenever sick, I take BRANDRETH'S PILLS. They never fail."

---

Constipation leads to a multitude of physical troubles. It is generally the result of carelessness or indifference to the simplest rules of health.

Mr. EUGENE McKAY, of Brantford, Ontario, writes:

"I had for several years been a sufferer from constipation; had taken a great many different remedies, some of which did me good for a time, but only for a time—then my trouble came back worse than ever. I was induced by a friend, whom BRANDRETH'S PILLS had benefited, to try them. I took two each night for a week, then one every night for about six weeks. Since that time I have not experienced the slightest difficulty whatever, and my bowels move regularly every day. I believe firmly that for sluggishness of the bowels and biliousness, Brandreth's Pills are far superior to any other."

---

MICHAEL HOLLAND, Post-Master at Rockaway Beach, L. I., cured himself of *Chronic Rheumatism*, which had confined him to bed for six months of four years in succession, by taking *Brandreth's Pills*, two every night for a month.

## HEALTH IN OLD AGE.

Mr. EDWARD COLLINSON, of Queens, N. Y., says :

"I commenced using BRANDRETH'S PILLS over fifty-five years ago. I first bought them in London, and have continued using them since I came to this country. I am over seventy-five years old—hale and hearty—and attribute my wonderful health to the persistent use of BRANDRETH'S PILLS.

"Occasionally I have a bad cold, or severe attack of rheumatism, indigestion or biliousness, but four or five doses of BRANDRETH'S PILLS always cure me. Whenever my children have been sick with scarlet fever, measles, acid stomach, disordered digestion or costiveness, a few doses of BRANDRETH'S PILLS restored their health at once."

---

### An Army Officer writes :

"For four years I was in the Mounted Infantry in the United States Army, residing during that time principally in Texas. Almost all that time I was afflicted with a chronic skin disease, characterized by an eruption over the entire surface of my legs, thighs, arms and chest. The doctors termed it 'Eczema.' I had given up all hope of ever being cured, when Brandreth's Pills were recommended to me. I concluded to try them, and I have thanked God daily ever since that I did so. I used them for about three months, and by that time was completely cured and have never had any trouble since."

---

## Allecock's Corn and Bunion Shields.

If you are troubled with CORNS or BUNIONS, you will find that the application of these shields WILL GIVE IMMEDIATE RELIEF, and their continued use for a time, will EFFECT A PERMANENT CURE. The shields are very thin, and fit so closely to the foot that they can be worn without any inconvenience. They are easily applied, and are the best, surest, cleanest and cheapest remedy ever produced.
